

## User is Lost.

User is lost inside the museum.

Press the "help" button.

The help button would bring you onto this page where you would be asked to enter your current location, which will be calculated by the app using GPS.

Once you have submitted your location, the app would ask you of Where you want to be, all you have to do at this stage is to enter the location of your destination.

The app would use both of the locations, which the user has entered and calculate the shortest route to get the user back on tracj

Follow the route to your destination.
